Dear Mr Manley:-

Mr J. F. Couray President of Partridge Co has been expecting the Eastern Colored League to take some action on the "Chuck" account which you know of course covers two chucks given to Philadelphia amounting to \$186.00 last season. I believe you intended to bring this matter before all the League members and try and work out a way for the League to pay these Chucks off rather than have the League placed on a poor Credit rating basis with this one account causing the trouble.

Will you please write me at once and advise me just how far you have progressed with this matter and when I may advise Mr Couray some kind of a payment may be effected. Mr Couray really has a tremendous amount of Confidence in you personally and really feels that this League will not let Partridge down in this case. Awaiting your immediate reply. With kindest regards

Sincerely,

Bob Rose
